Using the Card

The Card is a Mastercard® prepaid debit card:

- to activate it, you must follow the instructions provided with the Card; the Card will be valid until expiry date shown on the front of the Card, after which you shall not try to use it;
- you can use it at all locations that display the Mastercard Acceptance Mark: for purchases in physical stores – including contactless, and at automated teller machines (“ATM”) for cash withdrawals as well as for online and telephone purchases. It allows you to receive cashbacks when making purchases in physical stores, however it cannot be used for other cash transactions such as withdrawing cash from a bank and purchasing traveller’s cheques or foreign exchange from a bureau de change. Limits and fees apply;
- it is automatically registered for Mastercard® Identity Check, to enhance security. When using your Card for online purchases, you may be required to enter a code;
- you will only be able to use it if your card account is sufficiently funded at the time you attempt to make a transaction with the Card;
- if you use the Card for purchases in a different currency, the purchase amount will be converted to EUR by Mastercard on the date they process the transaction (rates used by Mastercard can be found on www.mastercard.co.uk/en-gb/consumers/get-support/convertcurrency.html), and we may apply a fee as shown in the Tariff Table. We will display as part of the transaction information how the exchange rate applied by us compares to reference rates published by the European Central Bank.

You are permitted to use the Card as an authorised user of the Company that provided it to you (the “Company”), who remains at all times the owner of the Card and the funds available on it.
